

New \$29,000 Fire Truck Headed for Frederic

A new \$29,000 tanker is expected to arrive at the Frederic Volunteer Fire Department August 28, according to fire chief Al Leng. It will be the first new truck for the Frederic Fire Department since 1975.

The department currently has three pumper trucks, an ambulance, and a tanker which will be sold when the new one arrives.

Another addition to the Frederic Fire Department is the qualification of two members, Chuck Stoddard and Dan Brandes, to teach courses in driving emergency vehicles.

Stoddard and Brandes attended classes at Kirtland to become qualified to teach the rest of the 28-person crew.

Workshop Aug. 24 at Kirtland

On August 24, 1981, Kirtland Community College and the Northeast Michigan Public Officials Training Program will be offering a grantsmanship workshop. The workshop will be held on the campus of Kirtland Community College in the Student Center.

Special features of the workshop will cover: The current status of grants programs; the grant procedure; the process to follow in making a grant application and how to follow through; and how to get involved with the political aspects as well as the administrative aspects of grant application. Participants will also be given the opportunity to write a grant proposal and have it briefed by the seminar leader.

The seminar leader will be Mr. Edward Grobe, who is the grant administrator for Ingham County.

If you plan on attending the seminar on Monday, August 24th, please contact Marian Hennigar at (517) 275-4022 or 275-5121, ext. 226, by August 21st. The cost of advance registration is \$20.00 per person or \$25.00 at the door. Registration will be at 8:30, Kirtland Community College Student Center, and the seminar will continue to 4:30.

Schools Open September 9

Wednesday, September 9, will be the first day of school for Crawford-AuSable students but teachers will have to report back to duty Tuesday, September 8. Labor Day falls on Monday, September 7.

Thanksgiving will be the first holiday following opening day. There is no day off for the opening day of deer season this year, for it falls on a Sunday.

Christmas break from December 24 to January 4 is the next holiday. On February 22, there is a one-day Spring break.

Easter vacation will fall on Friday, April 9, until Monday, April 19. Memorial Day is the only other vacation. Students have 180 days scheduled and teachers 181.

Few Tickets Left for Annual Roast

A huge side of beef will be roasted for dinner and Whitey "Turkey" Madsen will be roasted after dinner at the Grayling Winter Sports Carnival 2nd Annual Roast held at the Camp Grayling Officers' Club Thursday, August 27.

Last year's event was a sell out and tickets are going fast for this year's roast. Ticket prices are \$8.50 per person and that includes dinner and the roast. Tickets are available from: The Red Barn, Nickelodeon, Grayling State Bank, Mac's Drugs, Grayling Mercantile, Paul Thomson, John Naour, George Stancil, Sharon Tinker, Marty VanDeVen, Northern National Bank, 1st Savings and Loan, and R & H Sports Center.

So hurry and get your tickets so you won't miss the event of the year in Grayling, Thursday, August 27, 1981 at the Camp Grayling Officers' Club.

City Paving Work Continues

Construction crews continue to work on curb and gutter placement and other underground work in preparation of paving several Grayling streets this fall. Grayling City Manager said the current digging on Alger Street would be the only blocking of local traffic before paving begins in late October.

Hunter Safety Classes

A Hunter Safety Class has been scheduled for August 24th, 25th and 27th (Monday, Tuesday and Thursday) from 9:00 a.m. until 12:00 noon in the basement of the County Building.

Youngsters from 12 to 16 years old who wish to take the course may sign up by calling the Department of Natural Resources Field Office at 348-6371.

Enrollment will be restricted to the first 30 young people who sign up. Additional classes are anticipated later in the fall.

Adult High School Classes To Begin In Grayling Sept. 14

Those area adults who would like to finish their high school education will have an opportunity to do so this fall by attending Adult High School Completion Classes at Grayling High School. Registration for adult classes will begin on Tuesday, September 8 and continue through September 11. Area adults wishing to register for classes, or just find out more about the program should plan to visit Grayling High School during the registration period. Times of registration are from 2:30 until 5:00 in the afternoon and from 7:00 until 9:00 in the evening.

This year, the Grayling Adult Enrichment Program will be operated by the Whittemore-Prescott School District under a consortium agreement with the Crawford AuSable School District. This arrangement will have little effect upon the actual operation of the Grayling Adult Education Program.

Traffic Accident Seminar at KCC

Kirtland Community College, in cooperation with Michigan State University, Highway Traffic Safety Center, will be hosting a five day Traffic Accident Investigation I, Advanced Training Course. This 36 contact hour course is intended for the general patrol officer, not just for the officer specializing in traffic, and will include measuring and recording data at the scene, roadway evaluation, vehicle evaluation, and speed determination, among other topics. There is no charge, and certificates will be presented upon completion.

The first class will meet Thursday, September 24, 1981, from 8:30 a.m. to 4:30 p.m., in room 253 of the Administration Center, and will meet every Thursday thereafter until October 22.

The Traffic Accident Investigation I class is open to all law enforcement officers, with only 24 openings existing in the class. Officers will be admitted on a first come, first serve basis, and are urged to register early. For further information, or to register, call Vahan Kapagian, Supervisor of Law Enforcement at Kirtland at 517-275-5121, extension 283.

\$13,500 DONATION—Marge Olver, president of the Mercy Hospital's Auxiliary, presents Sister Mary Hilda, R.S.M. administrator at Mercy Hospital, with a check for \$13,500. The check is a payment towards a \$50,000 pledge the auxiliary made to the hospital's building fund.

New Subdivision Hit by B & E's

Bradford Hills, a new subdivision located three miles north of Frederic, was the target of three breaking and enterings in the last week. More than \$3,000 is believed to have been taken from one residence and the Crawford

County Sheriff's Dept. has a description of one car spotted leaving the subdivision after a breaking and entering. Area residents are asked to watch out for suspicious activity in the subdivision.

In other county police news, a stolen 750 Honda motorcycle was recovered by Crawford County Sheriff deputies after a person driving the motorcycle was stopped for erratic driving within the City of Grayling. Sunday morning at 1:49 a.m.

A routine records check showed the motorcycle to be stolen and the driver's license to be suspended. The name of the driver is being withheld pending arraignment for possession of stolen property over \$100 and driving with a suspended license.

About \$350 in household items were taken from the residence of Henrietta Feury on Skyline Trail and \$100 in property damage was reported last Sunday by the owner. Entry was gained by removing door hinges.

The Crawford County Marine Division of the Sheriff Department handled 27 complaints last week including assisting a sailboat accident. An Indianapolis couple was thrown into Lake Margrethe when their sailboat turned over. Marine deputies were on hand to help the couple and no serious injuries were reported.

The Sheriff's Department responded to 14 larcenies and 12 breaking and enterings last week while handling a total of 133 complaints. The Crawford County Ambulance Corps responded

COOR-Kirtland Sponsor Job Placement Service

COOR Intermediate School District and Kirtland Community College are pleased to announce that they are co-sponsoring a joint job placement service. Planning for this service started June 3, 1981 after COOR was awarded a competitive grant from the Region 7B Inter Collaborative Body to serve Region 7B counties located in the COOR-Kirtland area. The grant totaled close to \$7,500. Upon request, COOR also received an additional \$4,500 from Region 9

Inter Collaborative Body to facilitate similar job placement planning in Crawford and Oscoda counties.

Basically, the planning grant monies will be used to develop a job placement service

School Ballot Confusing To Some Voters

By Jon Thompson

With the Crawford AuSable Schools election 11 days away, a citizens committee along with school officials are still toiling to get information to voters.

"We're finding there are still voters unclear on the three millage proposals," Superintendent William Diedrich said. "There are three misinterpretations we keep hearing."

Diedrich said the first one is if you vote for proposal I, you're voting for all three proposals.

"We're trying to hammer across the idea they're three separate proposals - each one stands alone," he said.

The second misinterpretation he said is it doesn't matter which proposal you vote for the school board will spend the money as they please.

"That would be suicide," Diedrich said. "It would destroy credibility with the community and the schools would never be able to pass another millage."

The third misinterpretation concerns the services grouped under Proposal I and Proposal III.

"Every voter should have a list of services in each proposal because there isn't a single phrase that accurately describes the items in Proposal I or Proposal III."

On the August 31 ballot, Proposal I will ask for a one-year 3.13 mill increase, Proposal II will ask for a .45 increase, and Proposal III will ask for 2.12 increase.

Diedrich said their attorney recommended no descriptions of services provided by each millage increase be placed on the ballot. Their attorney said one ambiguous word in any description could cause the election to be declared null and void.

Booster Club, Eagles Donate \$600

Two local clubs, the Grayling Booster Club and the Eagles, have donated \$300 apiece to help the Sibs for Kids organization.

Acting director Douglas Wilson said the contributions will go a long way for the organization trying to recover from federal and state funding cuts. Wilson said Sibs for Kids is planning other community fund raisers.

Dennis Henning, president of the Eagles, and Iris Coor and Ilene Parsons, officers for the Booster Club, presented the checks to Wilson.

porting all three proposals will be sending the descriptions of services to every boxholder in the district - approximately 8000. They'll also be handing out cards with ballot information outside of the polls.

George Stancil, chairman of the citizens group, said they were supporting the proposals because they only ask for money to maintain

last year's programs - no new programs are being added.

"Because of inflation and decreasing state and federal contributions, the school's need more local money to operate the same programs they've been running."

Stancil said the school already cut to the bone last year when they eliminated 11½ employee positions, cut

athletic programs, teaching supplies, office supplies and materials, increased class sizes, and reduced transportation expenditures. Students had to walk farther to meet busses and busses scheduled to be replaced were kept on the roads.

The August 31 election will affect about 1,870 students in the Crawford AuSable School District.

38th Division Closing Out Two Weeks of AT

(Special to the Avalanche)

Camp Grayling-National Guardsmen of the 38th Infantry Division are closing out their two-week annual training period and will return to home armories in Indiana this weekend.

Major General John J. Dillon, the division's commanding general, described the training session as "very productive." He indicated special appreciation for the participation by training teams from the Regular Army's 1st Cavalry Division, located at Fort Hood, Texas.

A total of 140 professional soldiers were dispersed among the National Guard units to assist them in perfecting combat skills.

Another 39 personnel from the 1st Cavalry Division functioned as evaluators for the training period.

"Their participation was extremely helpful and added another dimension to the quality of training," General Dillon said. "The sharing of training experiences was mutually beneficial because these active Army personnel now have a better appreciation for the capabilities of Guard units."

About 4,000 Hoosier citizen-soldiers have been at Camp Grayling since August 8. The training has focused on small unit tactical operations.

Among visitors to the 38th

Division's training this week were Lieutenant General M. Collier Ross, deputy commander of the Army's Forces Command; Major General William Lawrence, commanding general of the 1st Cavalry Division, and Major General Robert D. Forman, commander of the Army's Readiness Region VI.

Rain washed out the division's annual review ceremony last Friday. An awards ceremony at the Camp Grayling Officers' Club took its place. The event also was used to commemorate the service of Indiana National Guardsmen and members of the 1st Cavalry Division in the Vietnam war.

To Install Phone Switching System in County Building

"Economy and efficiency are the major factors we considered in deciding to install the new telephone switching and communications system in the Crawford County Courthouse," said Crawford County Commissioner Chairperson Jeanette Kitchen late last week. Courthouse personnel are looking forward to these and other advantages to be realized when General Telephone completes work on the semi-automatic equipment in late November. Other features include memory-hold and automatic ringing of busy lines. The Sheriff's Department, also on the system, but not tied in directly, will be entirely security-protected. "Monthly phone bill savings will be realized immediately," added Kitchen.

Commenting on the expense of the leased system, Kitchen said, "We are facing a rate increase of approximately 30% in the near future on our present installation. Granted, the extensive changes to be made in our equipment, coupled with the long-term ten year lease agreement on the new, ultra-

efficient system, might possibly appear expensive to some people, but the facts are just the opposite. It must be realized that the terms of the contract over the ten years cannot be changed upwards. This savings alone appears to be considerable, considering the rapidly escalating cost of all public utility services. And remember, we know the old system is going to cost us 30% more anyway."

When the equipment is in operation, there will be no charge for toll calls to Roscommon and Otsego counties. Ms. Kitchen said the majority of toll charged calls from the Sheriff's Department are to Lansing, Roscommon and Otsego counties, and that those charges will drop immediately. "Savings escalate rapidly in those areas alone under our new system," she added.

The new basically-electronic equipment is leased, with total service and maintenance guaranteed by General Telephone. The typewriter-size unit has its own desk-side cabinet, in which are housed the multiple components comprising the "brains" of the system. The operator of the unit will be available for most regular secretarial duties once the operation of the unit is understood. Night-time and holiday settings for open lines will be set when the Courthouse is closed.

Ms. Kitchen concluded, "We have looked at this operation from every possible angle, talked with local and near-by business operations, such as the Grayling State Bank and Camp Grayling, using identical equipment, and can find nothing but faster, more economical service to our 'customers' - Crawford County residents. And we don't feel that's bad at all."

Warning

Weapons firing will be conducted at Camp Grayling during the period 23-29 Aug. 81.

Firing will be going on in the following range areas:

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek.

The Mortar Range located south of Main Post, bounded on the west by Cadillac Rd and on the east by Carrier Rd.

The Range 30 Complex located north of North Down River Rd., east of Jones Lake Rd., south of County Rd 612 and west of Damou Truck Trail.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97.

The ranges will be closed during the period 23-29 Aug 81 and all persons are warned to stay out of the areas identified.

USS ZEBRA FISHING TRIP A SUCCESS—The long awaited shark-marlin fishing trip became a reality last Friday on Lake Margrethe. Shown above at left is Erma Pearce who landed the shark with assistance from Rosemary Torr. The fishing trip was bid in at the Mercy Hospital Auction earlier by the billing department at the hospital. Some 20 persons took in the outing and all received Crew hats to the ZEBRA. Captain, Larry McNamara; First Mate Whitey Madsen and Deck Hand Irv McIsaac put the trip up for bids and the hospital realized \$110.00.

Services Sunday For John Harland, 52

John G. Harland, 52, of Grayling, died Friday, August 14, in his residence at 710 Michigan Avenue.

Harland was born February 24, 1929, in Flint, and was a resident of Grayling since 1970. He was self-employed in automobile sales and was a member of the St. Mary's Roman Catholic Church, the Grayling Booster Club, and Grayling Country Club.

He is survived by his wife, Doris, two daughters, Denise Bowers and Karen Karpicke, seven sons, Rick, David, Marc, Stephan, Paul, Jim, and Kevin, all of Grayling; his mother, Aimee Harland, of Flint; one brother, Gerard, of Kalamazoo, Florida; one sister, Mary Louise Bernard, of Flint, and five grandchildren.

Funeral services were held Sunday, August 16, at the St. Mary's Catholic Church with Father William Rabor officiating. A Rosary prayer service was held Saturday night at the Sorenson Funeral Home by Father Rabor. Burial was in Elmwood Cemetery with Brad Scheer, John Scheer, Rick Sadler, Bill Hart, Dale Melroy, and Dan McClain serving as pallbearers.

The family requests memorial contributions be sent to the Michigan Heart Association or the Grayling Booster Club.

Pastoral

(Continued From Page 1)

The Flint Bethel Park Free Methodist Church is the Rev. Larry Evoy. His duties began with the Sunday services on August 9. The family, including wife Grace, and daughters Connie, 19, and Lariann, 14, will move into the Woodleaf Drive residence on August 19. A married daughter, Mrs. Douglas (Cheryl) Stevens resides in East Lansing.

Pastorates served over the past twenty-three years by the Rev. Evoy are Ithaca, Saginaw, Oxford, Davison, and Flint, all in Michigan.

His ministry includes church and camp meeting evangelistic crusades, which he has held regularly throughout his career. Seminars on Family Life and other Bible-oriented topics are also integral parts of his ministry. His local church ministry carries a strong thrust in evangelism and outreach, discipleship, and counseling and enrichment sessions for individuals and families, while emphasizing the "equipping of the Christian" concept for everyday life. Pastor Evoy stated recently: "The quality of life in the home is extremely vital, and Scriptural teachings must be kept in constant focus to allow maximum fulfillment. This is a great opportunity for the Bible-centered, family-minded church."

The Rev. Evoy is a graduate of Wolverine (Michigan) High School, and received his ministerial training at Spring Arbor (Michigan) Colleges, in addition to selected courses from Central Michigan University.

Powell Concert Sunday

Bill Powell, a Grayling High School graduate in 1968, will be in concert Sunday, August 23, at 11 a.m. at the Grayling Assembly of God, 911 Elm St.

Pastor Steve Bach invites all to come and worship this Sunday and listen to Powell.

Powell began traveling as a rock-n-roll piano player after he left Grayling High School and committed his life to Jesus in 1973. In 1978, he recorded his first album, "Welcome to the Kingdom."

Grayling, Michigan—Thursday, August 20, 1981

From Our Corner ...

The community was shocked last Friday when it was learned that John Harland had died suddenly early Friday morning...John and his family haven't lived in Grayling too long but their friendship since moving here made them a part of Grayling like they had lived here forever...John was a friendly guy to all he met, always jovial even after he had suffered a heart attack some time ago...we will miss John and his friendly smile as we met most mornings at the post office and passed a few words...but we know his family will miss him much more, and to them our sincere sympathy...

The long awaited shark and marlin fishing trip aboard the USS ZEBRA became a reality last Friday evening following numerous cancellations due to the weather and problems with the motor that we understand just about gave Captain McNamara ulcers before Howard Anglemeyer, mechanic for the Sun-Catcher Marina, got the motor purring in an eleventh hour effort just before the trip was to start...

For our readers who may be unaware about the trip of the USS ZEBRA, we will take you up to date...the crew got together just prior to the Mercy Hospital Auction in June and decided they would put up one trip of shark-marlin fishing on Lake Margrethe to the highest bidder...needless to say the crew did not realize that it would be a group that would come in with the highest bid...normally it would be a couple...not so, we understand that the billing department at Mercy Hospital pooled their cash and through some conspiracy came in with a bid of \$110.00 just as the auction closed...

This threw the crew of the ZEBRA into some sort of a dither...what to do with some 20 people when the ZEBRA has a capacity of 12 including the crew in open water...through the ingenuity of the Captain and Irv McIsaac Deck Hand they decided to beg a little bit and came up with cheese ball from Ron Fraser at the Holiday Inn, hot dogs and buns courtesy of Gary and Mark at the Foodland, a cheese plate from J & R Cheese and a bunch of orange pop from Robert Rettenmaier, supervisor of the billing department at the hospital...

The trip was a success as one shark was hauled in on the second trip out in the open sea...we never knew that sharks like apples until we saw this happen...for a while it looked like the trip would be called off due to the rain earlier to the departure, but it cleared only to a drizzle and for the first time in about three weeks the big ship was seen on the waters of Lake Margrethe...

All in all it was a successful outing for everyone that boarded the ZEBRA...we didn't see a disgruntled face among the hospital crew...

An idle thought...seems like every where we go the question comes up if we are nervous to what is going to happen to us...our answer is no...we probably will become a little apprehensive when Thursday, August 27th comes around and we realize that this is D-Day...

Post Script to the ZEBRA...the officers of the ZEBRA would like to thank Paul Smith and his men of the Sheriff's Dept. Marine patrol for the assistance they gave prior to the sailing...

This takes care of this column for tonight...too much company...we're heading for the back yard...goodnight T.J., Stef and Amber and to all have a nice weekend...

Crews are at work at the Grayling Winter Sports Park at this time cleaning brush and moving earth to provide seven new ski slopes for the coming season.

With the addition of the new tows and runs, it was the feeling of the Winter Sports board that more skiers than ever could be attracted to the Grayling park. Also the work would provide the skiers with more attractive runs with more challenge.

Miss Anne Marie Smith returned home Sunday after attending summer school at Newport, R.I.

Mr. and Mrs. Wesley Kumpula returned last Friday from their vacation trip into Canada and the Upper Peninsula.

Weekend guests of Mr. and Mrs. Billy Kinkert were Mrs. Versel Case, Jr. and Mrs. Douglas Monroe of Lansing, visiting their husbands in guard training also.

Dr. and Mrs. Paul Dosch had as their guests over the weekend, Dr. and Mrs. Richard Iammarino of Cleveland, Ohio. Dr. Dosch's parents, Mr. and Mrs. Francis Dosch and children Mark and Monica of Zanesville, Ohio arrived Monday to visit them until this Thursday.

Mr. and Mrs. Derek McEvers of Detroit spent the weekend before last in Grayling. Mr. McEvers is in charge of the Sorenson Funeral Home while the Sorensons were at Blaney Park in the upper peninsula.

Mr. and Mrs. John Sojka returned last weekend to visit with Mrs. Ernest Borchers after spending last week at their home in Centerline, Mr. Sojka for the weekend and Mrs. Sojka for a longer time, rejoining their sons Chris and Paul who remained here with Mrs. Borchers and Don.

Miss Toni Madsen, daughter of the Whitey Madsens, was 13 years old August 12th. To celebrate the event she invited five companions to join her in a weiner roast at the Hartwick Pines. Afterwards they returned to Toni's home for ice cream and birthday cake. Toni has some very lovely birthday gifts to remember the occasion.

Miss Elaine Ferguson of Cairns, N. Queensland, Australia, is visiting Mr. and Mrs. Les Hunter and children for some time.

Tuesday afternoon a number of small friends of Eddie Harwood met at his home to help him celebrate his third birthday. Games were played after which ice cream and cake were served.

Mr. and Mrs. Ted Stephan and children enjoyed a trip to Alpena and other northern towns Sunday, where they visited relatives and friends.

The National Log Construction Co. is so loaded with orders for their log products that they are operating with a day and night shift. A crew of 35 men are now on the payroll.

Mr. and Mrs. George B. Schley of Indianapolis arrived last week to spend a month at their summer home on Lake Margrethe. Mrs. Schley says the heat in Indianapolis has been almost unbearable and that they are glad to get

back to Grayling.

Mr. and Mrs. William Christenson enjoyed a brief visit from William Rentschler of Hamilton, Ohio, Sunday, enroute to Trout Lake.

Sam Smith, who has been employed as clerk at the Schlotz Grocery for the past ten years, has gone into business for himself. He has opened what will be known as Sam's gas station, on US-27, and will handle Shell products.

Mr. and Mrs. John Peterson and daughter Arlene have moved to Maple Forest, where they will operate what is known as the James Knibbs farm.

Charles Jackson, who is night watchman at the Kerry and Hanson Flooring mill, has purchased the Walter LaMotte house. Mr. LaMotte and family plan to move sometime next week.

Mr. and Mrs. Arthur McIntyre, daughter Nancy and son John arrived last week from State College, Pa., to spend their vacation at the lake. Mrs. McIntyre will be remembered as Helen Parr, who was formerly a Grayling teacher, and this was Arthur's boyhood home.

Mr. and Mrs. Matt Bidvia have as their guest for a couple of weeks, Mrs. Bidvia's sister, Miss Elva Wenzel, of Rogers City.

Elaine McDonnell left Sunday for Detroit, where she will be a guest for some time at the home of her sister, Mrs. Joseph Dingman. Sometime in September Elaine will enter the Wayne University for her second year's course in Home Economics.

Miss Johanna Hanson will attend a meeting at Detroit of the Danish Young Peoples Society next week. Thorwald Peterson, Jens Sorenson, Sam Rasmussen, Johannes Jorgenson, Svend Hanson, Einer Rasmussen, Olga Olevarius and several others from here will also attend.

Last week Wednesday the Danish Sunday School held a picnic at Portage Lake. Only one accident occurred and that was little Ruth Sorenson being left in Grayling but Dr. Merriman came to the rescue and hitched up his horse and took her out to join the picnickers.

Irene LeSprance who has been visiting in Mackinaw City and St. Ignace, returned home Tuesday.

Walter Shaw has been working at Brink's grocery. He drives the delivery wagon and Frank Sales is now clerk.

Miss Signe Ellerson returned home from Big Rapids last week where she has been attending Ferris' Institute.

The building of the Toledo Brewing company warehouse is getting along nicely. It is built between Sorenson's furniture warehouse and Banner Brewing Co. warehouse.

A letter received from Charles R. Marvin with his family is living at Pasco, Washington, states they are all enjoying good health and an abundant crop of delicious fruit, and send their best wishes for the "old farm".

H. Joseph and son Louis report a nice catch of trout last week Friday, landing some big ones. Louis brought in a rainbow weighing 4 1/2 lbs.

The Bible Speaks

From Calvary Baptist Church

**God's Wrath Is
Unavoidable**
Romans 2:4-6

Man may avoid much of God's punishment here upon earth by living in a home which doesn't spank, a church which doesn't discipline, and a government which doesn't punish, but this does not remove one from God's eternal wrath. In fact, a good moral person may have been in a good home, in a good church, and under good government and by choosing to live a good life would avoid God's wrath in this life. Please don't misjudge God's goodness, longsuffering and forbearance with you in this life, God is giving you a chance to repent of your sins.

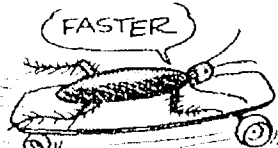

"Or despitest thou the riches of his goodness and forbearance and longsuffering; not knowing that the goodness of God leadeth thee to repentance? Romans 2:4. God shows much mercy to the unsaved in this life to encourage them to come to Him. As God said in Ezekiel 33:11, "...I have no pleasure in the death of the wicked: but that the wicked turn from his way and live: turn ye from your evil ways: for why will ye die...?" Just because God is merciful to

the unsaved in this life does not mean they will avoid the Wrath of God.

"But after thy hardness and impenitent heart treasurest up unto thyself wrath against the day of wrath and revelation of the righteous judgment of God; Who will render to every man according to his deeds." Romans 2:5, 6. Just because people do bad things in this life and don't get punished, doesn't mean God's punishment is not being stored up for eternity. There are people in Grayling with hearts so hardened by sin, they could laugh at this warning in the scriptures. They have no concept of God's wrath and righteous judgment. They are treasuring up the "wages of sin" (Romans 6:23) with total disregard for the eternal flames of a burning Hell where they shall spend forever and ever.

You may read some of the details of the coming Great White Throne Judgment of God upon the unsaved dead following the second resurrection in Revelation 20:11-15. Humanist teachers and Liberal preachers are not doing you any favors by denying God's wrath upon sin. The few of us who love you most, do not want you deceived and destroyed by unbelief in God and His Word. Please turn from your sins and receive Jesus Christ as your Lord and Savior! (adv.)

House Call: Hot Weather Disorders

Excessive sweating during hot weather can be harmful, so drink a lot of fluids to replace those lost in perspiration. It could mean the difference between tolerating hot, humid weather, and suffering from heat stroke, heat exhaustion, or heat syncope (fainting).

Of the three, heat stroke is the most serious. It occurs most often during prolonged heat waves, and results from excessive heat stored in the body along with high cardiac output, and dilation of the blood vessels of the skin. The elderly who take diuretics, or who have chronic diseases such as arteriosclerosis or congestive heart failure, are most susceptible.

In heat stroke the skin becomes hot and dry, because the sweating mechanism has broken down trying to cool the body, and the patient becomes unconscious.

Emergency treatment is needed for heat stroke victims, so call the ambulance at once! Treatment consists of immersing the patient in a tub of cold water or covering with cold towels or water-cooled sheets beneath a fan.

Do not use ice! Dehydration and heart failure are the greatest threats to life, so hospital emergency measures will include replacing body fluids.

The second disorder, heat exhaustion, is the most common. It's caused by excessive sweating and not replacing body fluids. The symptoms are weakness, dizziness, headache, loss of appetite, nausea, vomiting, the urge to defecate, fainting, and collapse. Sometimes, following strenuous exercise, there are also muscle cramps.

To treat heat exhaustion have the patient lie in a cool room. Bed rest and the intake of liquids should bring rapid recovery. If they do not, sponge the patient with alcohol, or apply wet towels to the body under a fan. If the patient is unable to take liquids, intravenous feedings will be ordered.

Heat syncope is the least serious disorder. Before fainting, the person will become dizzy, the skin will be cold and clammy, and the pulse weak. Recovery is almost immediate after lying down, or sitting with the head lowered. Fluids should be taken immediately to replace those that have been lost.

When the weather becomes hot and humid, don't exert yourself, try to keep your body cool, and above all, replace your lost body fluids.

Surprise Dinner for 25th Anniversary

Don and Joanne Ferguson were very pleasantly surprised when their family planned a 25th wedding anniversary celebration for them on Sunday, August 16, 1981, at the Surrey House in Harrison. They were married on August 17, 1956. About 75 relatives and friends gathered at the Surrey House for a dinner complete with a wedding cake. They also received many lovely gifts. Hosts for the event were their parents, Mr. and Mrs. Jack Ferguson and Mr. and Mrs. Walter Knight, and their son, Tim. One of the guests was Joanne's attendant, Mrs. LaMonte Wynn, and her husband, now present owners of the Surrey House.

Earthmoving
Sinkholes occur in regions underlain with water-soluble rock formations such as limestone and dolomite, where water percolating down through the porous rock over the centuries has carved away subterranean tunnels and caverns.

Par For The Course

By Fay Bovee

Shirley Bendig was the winner of low in Flight A on Wednesday, August 12, with a 42 while Mary Jane Knibbs and Evelyn McIntosh had net of 32. Betty Layman and Pearl Tucker dropped in 15 putts each. In Flight B, Eddie Blaha managed to come in with a 48 low giving her net of 28 which was aided by only 14 putts. Ann Doten also dropped in only 14 putts. In Flight C, Elsie Jansen came back again to take a low of 58 while Barb Nielson had net of 33 and Carolyn DiPonio and Elsie had 17 putts each.

Flight B served the lunch at which former auxiliary members, Laura Olson, was a guest. Eddie Blaha conducted the business meeting and Marian Joseph, Ann DuBois, and Fay Bovee were appointed to the nominating committee for the election of two board members on August 26. Betty Layman and Nora Fraser handled the drawing.

Thursday Night League—Notice - Make sure you are signed up for your scheduled play for August 27 which will be the last night. Due to Kiwanis Stag Day there will be no play on August 20. You are to bring a dish to pass for the potluck and the meat will be furnished. Prizes will be awarded that night.

Balloon animals, circus tablecloths, and popcorn set the mood for the Circus Day Sunday Golf Party at the Grayling Country Club on Sunday, August 9. Scrambles were played although rain dampened some of the golfers but not their spirits and everyone enjoyed themselves. About 70 people turned out for golf and bar-b-cue ribs complemented by a salad bar, all catered by the Chief Shoppenagons. The dessert was prepared by the committee.

Ab Sager acted as master of ceremonies during the awarding of golf prizes and the drawings. First prize was won by the team of the Bruce Smiths and Dr. Henigs; second prize was won by two foursomes, the Walt Laymans and Tom Bradys and the Cal Walls and Chuck Warrens. Closest to the pin on No. 8 for men was won by Hal Walker and closest to pin on second shot on No. 6 by Jack Stewart. For the women Betty Layman was closest to the pin on the second shot on No. 7 and Corrine Smith was closest to the pin on No. 3.

In the drawing the putter was won by Barney Dopp. The committee in charge of the festivities was Arnie and Bernie Mauren, Bob and Evelyn McIntosh, Charles and Liz Vajda, and Ken and Irene Wyman.

September 20 is the last scheduled Sunday golf party for couples.

In play on Monday night, August 17, Thelma Madsen and Pat Ruddy both came in with a low of 56. Thelma also put in only 16 putts as did four other women, Jean Raab, Louise Hatfield, Phyllis Scheer, and Carolyn DiPonio. Florence Hough chipped in on No. 5 and Thelma Madsen and Shirley Parks took low of 15 on holes 7, 8, 9. Next Monday, August 24, will be grill night, and the following week, August 31, will be a Fun Night followed by a potluck. Everyone is to bring a dish to pass and we're hoping that all of the women who golfed on Mondays will be able to join us that evening.

25th Millikin Reunion Held

The weather cooperated again for another Sunday at Hartwick Pines State Park. 130 descendants of William and Helen Millikin and 5 guests joined. 77 year old Curley Warner, husband of Helen (Millikin) Warner and 70 year old Julia Millikin, wife of Tine (Ralph) Millikin took honors for being the oldest man and woman present, 5 day old Jeremy Joseph Millikin, son of Rick and Rita Millikin took honors for being the very youngest present. Gifts were given to the three.

Delicious food, games of softball, horseshoes and relaxing walks through the pines were enjoyed by all. Those present traveled from St. Louis, Lake Odessa, Rudyard, Traverse City, Kalkaska, Gaylord, Mio, Roscommon and Grayling.

Other Elements Join 38th in Annual AT

Indiana's Army National Guard including 30th Division elements are presently at Camp Grayling for its two-week Annual Training. For the Guardsmen and women of Indiana the two-week dates are the culmination of a year-long one weekend a month-training program. Both the command and the troops are here to find out how their training effort has gone when they are evaluated by Active Army personnel.

The 38th Infantry Division is commanded by Major General John J. Dillon. It will be well represented by over 4,000 men & women of Indiana at the Michigan Army National Guard's Camp Grayling. In addition to the Indiana elements, some 300 plus men and women of the Michigan Army National Guard and USAR Command will also be at Camp Grayling to support the Indiana combat units.

Artillery will play a large role in this phase of training

for the Infantry Division. Both the howitzers and the infantry soldiers will work together in their training missions. High on the list of priorities established in the Army Training and Evaluation Program (ARTEP) for the division is movement to contact, hasty attack and defense. This has been expanded to encompass defensive actions of planning for fire support from the artillery and anti-armor actions using minefields and obstacles. Training effort is directed at the platoon and company level.

Members of the Regular Army will observe and evaluate for the entire Annual Training period. This creates a stable method of judging the performance levels of the units being evaluated and helps to establish a standard that applies to all reserve components.

Also slated for training missions during the two-weeks will be a concentrated

effort to improve defensive training in Nuclear, Biological and Chemical warfare.

The troops of Indiana's Army National Guard will conduct a four day, three night tactical bivouac during their 2d week. It will be during this period that a large portion of their evaluation rating is earned.

Supporting the Indiana contingent are an Army Security unit, a Military Intelligence unit and an NGB School of the USAR. The Michigan ARNG is supporting with a Military Police company and a headquarters unit of a Military Police battalion.

LL All-Stars Travel to Three Rivers

The Grayling Little League All-Star team traveled to Three Rivers for their annual baseball exchange trip and were blanked 5-0 by their southern counterparts.

Grayling coach Mike Shearer said Jeff Palmer, John Meagher, and Todd Klinger pitched well despite the score.

The Grayling club was led in hitting by Meagher, Palmer, Dave Cornell, Dave Breen, and Jim Knight.

The Grayling team spent one night at the homes of the Three Rivers players and then visited Chicago on the trip home. There they saw the Sears Tower and visited the Great American Amusement Park for a day. On the way down to Three Rivers the boys also stopped at Battle Creek and toured the Kellogg's plant.

Other members of the team making the trip include Eric Methner, Scott Davis, Jeff Wolcott, Clark Allen, Bud Ostrowski, Mike McNamara, Terry Nielson, and coach Mark Willoughby.

Appreciation is extended to the following persons for their help with the trip: Chuck Fick, Ray Lange, Dean Molnar, of McDonalds, Mr. Peterson, of Sears, Fred Moore, Larry Ostrowski, and in Three Rivers, Mr. and Mrs. Lee Muffley, Mr. and Mrs. Gary Cottingham, and Mr. and Mrs. Richard Sampson.

District Court Judge Receives Raise

By Jon Thompson

The Crawford County Board of Commissioners gave District Court Judge Francis L. Walsh a raise without spending any of their money.

The commissioners, at their regular meeting Tuesday, August 11, approved using state money to add to Walsh's salary.

Currently, the state pays \$29,900 a year to Walsh, Crawford County pays \$4,622 and Roscommon County pays \$4,500. Roscommon County recently agreed to hike their share \$198 so the total contribution of the two counties would meet the minimum level of \$9,320 at which the state reimburses the counties.

All Crawford County Commissions did to give Walsh a raise was agreed to pass the state reimbursement to Walsh - a common practice among Michigan counties.

Walsh appeared before the board last week requesting the commissioners to do this to boost his salary. He said there is only 11 out of 217 district court judges in the state paid less than him yet his 14

years of service is the longest among current district judges.

"I was better off when I first started at \$18,000 right out of law school then I am today because of inflation," Walsh said.

Walsh said the state plans to pay the salaries of all the district court judges in the state by 1988.

In other county news, a final decision concerning Al Livrance's request for another airport employee is expected to be made at the September 8 board meeting. The board is still investigating alternate means of financing another employee position at the airport.

At the August 11 meeting, the board answered questions from Herluf Moshier about a new county telephone system. Moshier, of Grayling, filed in Circuit Court July 27 for a temporary injunction to stop the county from purchasing the new system. The injunction request has yet to be acted upon by Circuit Court Judge William Porter or his substitute, Judge E. Patrick Murray.

Lovells Residents Ask for Lower Speed Limits

The Lovells Township Board wants the 35 m.p.h. speed limit through Lovells reduced or extended beyond its present boundaries.

Crawford County Sheriff Joe White, attending the township board's regular meeting Tuesday, August 11, said his department would make a study of the speed zone.

Board members say there is too much fast traffic going through Lovells. They also say there is an awful lot of truck traffic on County Road 612 that adds to the speed problem through Lovells.

Editor's Mailbox

Dear Mr. Madsen,

The possibility of a negative outcome of the millage election on August 31st greatly concerns me. My fellow classmates and I feel we are being cheated, because of what we are to be asked to sacrifice. The cuts proposed if the millage does not pass include a reduction to a 5 hour day, meaning a cut in the college preparatory and Advanced Placement programs. Cuts in these areas will affect many students at Grayling High School including myself.

I am beginning my junior year in September and was planning on continuing in the college preparatory program. My first two years at

the high school consisted primarily of college preparatory courses. I have taken all of the advanced courses possible; therefore, if the college preparatory program is cut I will have no point in continuing my education at Grayling High School. Without the education received from the Advanced program no University will accept my application. The final result would be a future education totally destroyed for the students of Grayling High School.

I feel it is pointless in depriving the future generation of this community their education, so I urge each of the voters to vote 'Yes' on all three proposals in the election on August 31st. Class of '83'.

Dial-A-Ride Adds to Schedule

Dial-A-Ride is operating a daily regularly-scheduled summer service between Grayling and North Higgins Lake State Park through September 15th. Standard fare rates apply with the Transit Service assuming Park entrance fees.

"The Park has many appealing features," said Chet Johnston, Crawford County Transportation Coordinator. "Besides the considerable lake frontage, there are tables and stoves for picnicking, boat launch, playground equipment, new building for toilet facilities and changing clothes and a pavilion for sheltered picnics. Right across the road is a restored museum area. In short, concluded Johnston,

"there's something for everyone and all on one of Northern Michigan's most beautiful lakes."

Rates are the same as usual for such a run. \$1.25 is standard while Senior Citizens and those under 12 ride for half fare.

Leader Dogs Graduated

Miss Roxann Lynn Curtiss
Leader Dog "Bear"

Mr. Gilbert Leo Payne
Leader Dog "Duke"

By Sue Louchart

The Leader Dogs for the Blind School at Rochester, Michigan reported the graduation from the special training school of two Grayling dogs. "Bear" and "Duke" entered the school for their final training last January. Before that they were raised for the first year of their lives by Nancy Hatfield and Chris Breitfeld.

Nancy Hatfield is the leader of the local 4-H Leader Dog Club. She has raised many puppies for the school in Rochester who are now helping blind people in their daily life. She is well qualified to help the club members with their puppies. With the help of the local Lions Club who pay for the food and vet. bills for all the dogs and Mr. Hugh Juday who is on the Advisory Board for the Blind School who gets the puppies for the members, Nancy directs the members in the training of their puppies to help the blind person be placed back in the mainstream of life.

Chris Breitfeld in a good example of the job Nancy has done with the members and their puppies. The members and the puppies have to practice going through crowds, being in stores, churches. The puppies have to be good around little children, traffic, loud noises. Commands have to be taught by the members to the puppies. Good health and good grooming are always important to a puppy as well as love.

Grayling can be proud of these dogs and the people who raised them. The community has been very supportive of the 4-H Leader Dog Club by backing the fund raising projects with their monies, the local vets. with special group rates for the exams and shots and help getting the dog food in bulk. "Al's Shirt Shop" made the members T-shirts with "Leader Dogs" written on them. They wore them on Achievement Day and also in the parade. Speaking of Achievement Day all the members got Blue Ribbons with their Leader Dogs.

SENIOR CITIZEN'S CORNER

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

MONEY AND HEALTH

There can be no doubt that money is an absolute necessity. Money pays rent, buys food, secures an airline ticket. As one moves into the senior citizen category, however, money is often valued little beyond the extent necessary to provide the basic needs. An equal, perhaps even greater value is placed on good health.

Good health is essential to older persons because it is a prerequisite to the maintenance of independence. Infirmary, to any degree, brings on a measure of dependency on someone or something — doctors, hospitals, medicine, friends and relatives. The happiest of all senior citizens are those who are able to maintain a positive image of themselves and of the ongoing course of their lives. Because they are healthy, they are competent and recognize the satisfaction that comes with being able to continue managing their own destiny.

Nothing can be more humorous than to hear someone refer to "the disease of aging." Aging is not a disease for which there can be diagnosis and treatment. Aging is a process, a process which has some diminutive effects on hearing, sight, memory and physical strength, but in many instances there is nothing ungraceful about the manner in which the diminution takes place.

While good health is essential to graceful aging, other characteristics are generally found in long-lived people. They are physically active; they watch their diet and they don't over-react during moments of stress. If you are looking for a formula to longevity, there you may have it.

If you wish to enjoy the longer life that can come your way, remember that the good things of life and the good times don't just appear and happen. You need to plan and to initiate actions of some kind. You need to make it happen.

Final Task Force Recommendations On Prison Riots Released

Warren M. Hoyt, Executive Director, MPA

Improving prison conditions, guard training, overcrowding, staff levels and prisoner grievances were among 59 recommendations developed by a special task force investigating recent prison disturbances.

The task force warned also that should the recommendations be in-

should the recommendations be ignored, some day a "future riot with a potential of death and destruction far transcending the results of May, will again focus the attention of the public."

Governor William G. Milliken, who empaneled the task force to study the causes of last May's prison riots at three state prisons, said he will use the recommendations as a management tool to effect changes which need to be made.

The governor also dispelled any thoughts of removing Corrections Department Director Perry Johnson. "Under very difficult and trying circumstances he has done an outstanding job," Milliken said of Johnson.

The recommendations began with overcrowding, which the report noted was misunderstood.

Problems of too many prisoners to a cell or crowded dormitories generally did not exist in those prisons that erupted, the report said.

However, overcrowding does result in improper classification of prisoners - sending some to medium security facilities when they should be in maximum security - which damages security.

The report also criticized staffing procedures and labor/management relations.

Staffing should never be allowed below critical levels, guard positions should be considered part of a career ladder instead of a deadend job, adequate supervision should be

provided, experienced labor personnel be hired - especially at Southern Michigan Prison at Jackson - the report says.

It also urges improved training, which includes minimum education requirements, psychological testing, expanded classroom and job related training and continuous training.

Former Supreme Court Justice Lawrence Lindemer, chairman of the task force, said an especially important recommendation deals with restoring some sort of good time reward system.

The task force unanimously felt that the 1978 adoption of good time repeal - preventing prisoners from having any part of their sentences reduced for good behavior - hurt management of the prisons.

Johnson said the department was looking at some options, including one where prisoners serving long sentences could have their sentence commuted by the governor for good behavior.

The report also concluded that Jackson prison - the world's largest walled prison - should be divided into autonomous institutions, each with a separate warden and staff.

Also recommended that staff and guards get additional education on black, urban experiences to help eliminate racism between staff and prisoners; that automatic appeal of prisoner grievances to circuit court be eliminated; more segregated and detention cells be created; and the food service be improved, the prisons kept clean and staff dress codes be enforced.

Milliken said there may be difficulties in getting public acceptance for the proposals.

He also said he did not know how much the proposals would cost or where funds for them could be found, but said they would have a high priority.

TALENTED VOLUNTEER—Marge Shipe, center, came to the rescue of the senior citizen craft department. She has volunteered her services for the last eight months after funding to staff the craft department was cut. Shipe designs table decorations, bulletin covers, and teaches crafts.

Grayling in Early 1900's Long Way From Sesame Street

John LaMotte

By Jon Thompson

It's a different world for kids in Grayling during the 1980's. For entertainment they play Star War games, watch Sesame Street, or take their mini-bikes for a spin.

John LaMotte, 37, a native of Grayling, played different games as a child.

"You had to make your own fun back then," LaMotte said. "Kids nowadays you have to tell them what to do."

In the early 1900's, to play football and baseball, LaMotte said the kids of Grayling formed teams to represent their part of the town. LaMotte played for the South Side Stump Dodgers against the Northern Stars and the Swamp Angels.

Back then, LaMotte said they had never heard of basketball. Other games they played were Duck on the Rock and a team chase game where the kids would

roam the city trying to find each other and then race back to a home base.

Once during a July celebration, LaMotte said they played baseball in Lake Margrethe using rafts. Batters had to swim between bases if they got a hit.

LaMotte also used to play baseball while he was watching the family cows.

"There used to be a lot of cows in Grayling and every day during the summer we had to take them out to the woods south of town so they could graze," LaMotte said. "I used to make 25 cents a month taking care of calves and 50 cents a month taking care of cows. That was good spending money back then."

Other boys also had to take cows out to the woods south of town so they would stop and play baseball for a while until they couldn't hear the bells on the cows anymore.

"One time we got so wrapped up in a game the cows wandered from south of town all the way to Lake Margrethe," LaMotte said. "Did we catch it that day!"

LaMotte used to make his own baseball for playing

while out with the cows. He took a small rubber ball and wrapped string around it. He also cut his own bat from a tree branch.

During wintertime then, Grayling kids used to toboggan down Bear Mountain (Hanson Hills) before a ski park was built there. They also had a toboggan run down to Lake Margrethe off a hill near the ice house.

On Sunday afternoon, LaMotte said young and old persons clamped on ice skates and went skating on the mill pond behind the present day county courthouse.

"If it was too cold, we used to light on fire some big stumps left there," he said.

In the spring and fall when kids flew kites, LaMotte said they would cross strings and see which string would break first.

On Friday night, LaMotte remembers listening to Ed Clark, the bandmaster, play and conduct his band at the site of the old courthouse (where Grayling State Bank is located).

LaMotte also used to hang around the busy Grayling depot when he was a young-

ster. He was sleeping on a beach at the depot one night waiting for a hunting dog his dad bought to come on the midnight train - when the Manistee House (located at present day Goodale's Bakery) burnt to the ground.

Another popular hangout for young boys in the early 1900's was a rail used to tie horses in front of a saloon where Miller's Hardware is located. LaMotte said one time 20 boys were sitting on the rail when his brother knocked one boy off and all 20 of them fell.

LaMotte's brother Jerry was in on a practical joke that still stands out in his mind.

"He and a bunch of other boys took the buggy from Olson's barn (Olsons lived at the present day Ralph Hoffman residence on Peninsular Street) and put it up on the two-story schoolhouse next door. They never would say how they got it up there."

LaMotte helped take the clapper out of the bell at the top of that schoolhouse and for three days the students sang "bring back my clapper to me" while a school official climbed a ladder each morning to ring the bell with a hammer.

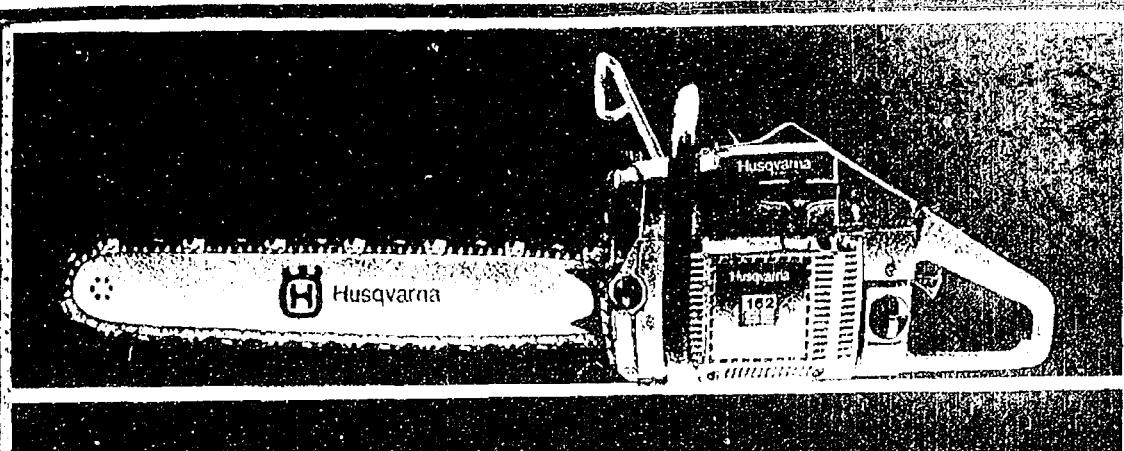

"The fourth day he was

halfway up the ladder with his hammer when he noticed the clapper was back," LaMotte laughed as he recalled the scene. "We were devilish back then."

At Halloween, LaMotte said kids would put a fish hook and line on someone's house and then go across the street and pull on the line using rosin to make a loud noise.

"We would make a racket with the rosin and line until the lights of the house came on. If the lights went back off, we would start up again. If we felt a pull on the line we would take off."

Life wasn't all fun and games back then, however. LaMotte also recalls the outdoor outhouses - which were just 2 by 4's to sit on over an open pit. One 2 by 4 outhouse rail was over the AuSable River in the wintertime so when the waste piled too high they could break off the ice supporting it and send it downriver.

This Husqvarna is the work of one design engineer.

He spends a lot of time engineering it. And a lot more time out in the woods working with the prototype. He may decide it needs to go back to the drawing board. When he's satisfied himself - he's satisfied the toughest critic he has. That's why the Husqvarna chain saw you buy will exceed your expectations. Because it's not created by the compromise of a committee... it's built on the integrity of one man.

Beaver Creek Tackles Clean-Up Problem

The Beaver Creek Township has caught spring cleaning fever in the middle of summer.

At their July meeting, the township board approved new rules to clean up the township dumpster site and passed two ordinances to get rid of ruined buildings and other junk on private property.

Additionally, at its last regular meeting, Monday, August 10, the board bought a new riding lawn mower for cutting around the township hall, its two cemeteries (Beaver Creek Township Cemetery and Pere Cheney), and the dumpster site. The new mower will cost \$802.

Also, at a public hearing held in July, township residents decided to use all township federal revenue sharing funds for operation of the township dumpsters

(green dump boxes). Last year the township received \$3,019 in revenue sharing funds.

New rules at the dumpster site will include a \$2.50 charge for each large item. Regular small household items may be dumped without charge.

One of the reasons the board approved new rules is more than 80 refrigerators were recently buried at the dump site. The township also discovered several coin-operated washers and dryers although there are no commercial laundries in the township. The DNR will not let the township bury the large items any more. The \$2.50 charge will help the township pay for hauling the large items to a legal landfill.

WHY ALL THREE?

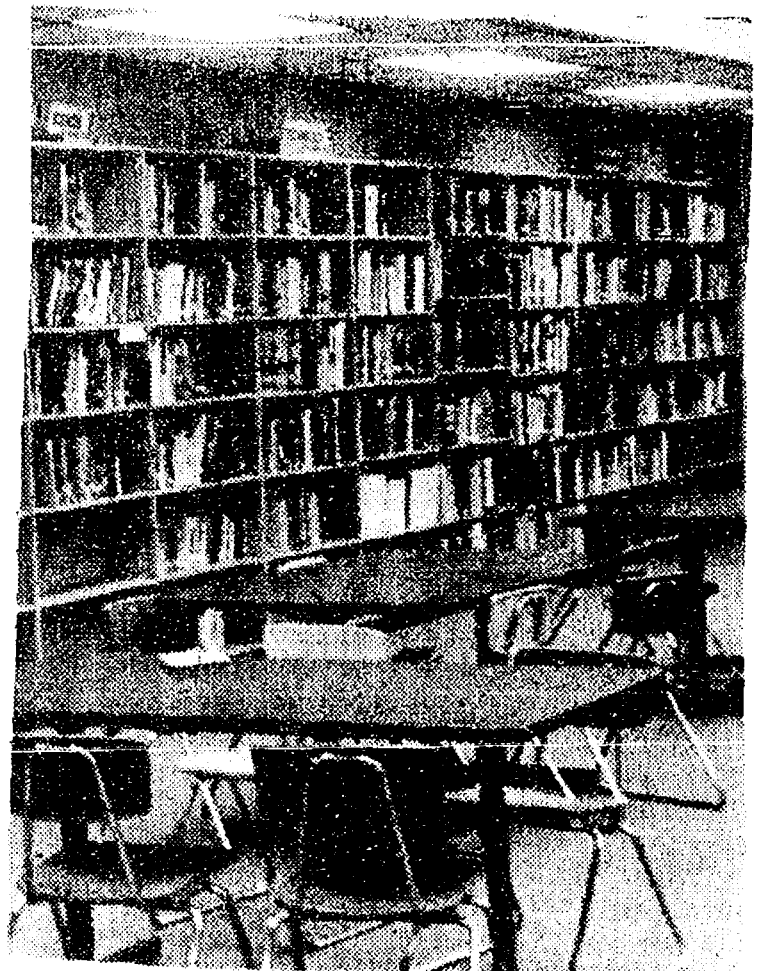

Three separate millage proposals are being offered for public approval August 31. The Crawford Ausable schools will need passage of ALL THREE just to maintain current levels of instruction, class size, bus service, sports, and extra-curricular activities.

The Issue has been broken down into three separate parts in order to help voters more clearly identify expenditures. But make no mistake.

All Three Must Pass to Maintain Current School Programs.

It just isn't fair to tell our local kids that they can't have the basic educational tools necessary to compete in the job market and in college. The present program offers the bare minimum as it is. The defeat of any or all of the proposals will reduce local educational opportunities to a very sad level.

Dear Whitey:

Ways must be found to finance public schools with greater state and federal aid, and at the same time keep some measure of control close to the people. Presently the annual school millage is not working in the best interests of the Crawford AuSable community.

It is the hope of the community that the public schools will remain strong and that the people generally will not see the institution which they have nourished, and have been nourished by, destroyed. The genius of the public school system for the last century has been that it has been kept close to the people and that it has attempted to serve all the people.

Differences of opinion have been expressed about the annual school millage election. Freedom of expression is one of the greatest assets of our country. As a matter of fact, it has been encouraged in our particular community. When presented with financial facts, Proposal I of 3.13 mills, Proposal II of 4.5 mills, and Proposal III of 2.12 mills are justifiable. State cutbacks

and persistent inflation have dictated that school districts request local increases.

People of Crawford AuSable community - while having their differences - will hopefully come to realize that they have more in common than they have differences. It is through solid teamwork between all groups sharing belief in the public schools that we can hope to emerge from the uneasy economic times through which we are passing.

It is difficult to predict what an individual will become or how much he or she may earn in a lifetime as a result of an appropriate education. Studies do indicate that there is an undeniable relationship between the amount and quality of education and lifetime earnings. There is abundant evidence that those with a good education live a more satisfying career than those without. In fact, the most dramatic prediction pertains to what a person will not be or accomplish without a good education.

The real question concerns whether a community, a state, or nation can afford not to provide the citizens an adequate lifetime education. It appears that most of the ills of the world today are related to under-educated under-educated citizens.

An investment in education is an investment in people and the future.

Until ways are found to finance public schools with greater state and federal aid, the electorate is forced to make decisions that may include sacrifice and courage. Are not our youngsters worth it? Please vote yes for all three proposals, Monday, August 31, 1981.

Respectively submitted,
Russell Phillips

Dear Whitey,

With school millage election coming up soon, I imagine there are lots of people still trying to decide just how to vote. With three separate choices, everyone has to decide just which one, if any, fits their pocket book. After wading through all available statistics and tons of propaganda furnished by the school board, and attending the two long drawn out meetings discussing the several choices, I have definitely made up my mind to vote NO on all three. Reasons now stated below.

The New budget calls for over \$200,000 just to pay various insurance and dental benefits. At just one of the meetings over 45% of the people attending were school personnel, making the overwhelming recommendations for more tax revenue understandable.

Many of the out of state teachers I have talked to this summer claim they make less money and pay their own insurance. When I

suggested this at one of the meetings, I got the impression they thought I was rowing with one oar.

I also suggested they freeze wages for at least a year like many of the large companies are doing, and this went over like a lead balloon. If people directly involved in teaching school kids are not concerned with cutting corners and making due with less money, then I can find better things to do with mine.

Dr. D, school superintendent, said his gut feeling tells him the country is on its way to economic recovery. He might also pull rabbits out of a hat and saw a woman in half, but I want something more realistic than gut feelings before getting financially involved with the betterment of our own little corner of the world. I wonder if the healthy raise proposed for Dr. D in the new budget had anything to do with his Gut feeling.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

(Published by Direction of the Michigan Public Service Commission)

Case No. U-5451

NOTICE OF HEARING FOR AUTHORITY TO REVISE RESIDENTIAL CONSERVATION PROGRAM SURCHARGE

On May 27, 1981, the Michigan Public Service Commission (Commission) issued its Opinion & Order authorizing Michigan Consolidated Gas Company (Consolidated) to implement a program for the conservation of natural gas pursuant to 1978 PA 211, MCLA 460.6c, and the Commission's Residential Conservation Standards, 1979 Michigan Administrative Code, R 460.2401 et seq. The Opinion & Order established a uniform surcharge of \$.0091 per Mcf applicable to all rate schedule sales of natural gas, and directed Consolidated to file updated sales and program cost data for purposes of revising the surcharge. The Opinion & Order also authorized Consolidated to form a wholly owned subsidiary, MichCon Conservation Company (Conservation Company), for purposes of implementing the conservation program, and directed Consolidated to submit the final form of contract between Consolidated and Conservation Company synchronous with the surcharge revision filing.

In accordance with the Opinion & Order dated May 27, 1981, Consolidated filed an application on June 30, 1981 for authority to revise the level of the uniform surcharge. Consolidated and Conservation Company estimate that costs totaling \$1,906,000, including expenses of the 1979-1980 field test of certain conservation measures, will be incurred for the period ending May 31, 1982. Consolidated further estimates that the initial surcharge authorized by the Commission will produce \$491,000 of surcharge revenue through the period ending August 31, 1981, leaving \$1,415,000 to be recovered during the period September 1981 through May 1982.

Consolidated estimates that rate schedule sales of natural gas will total 329.7 Bcf for the period September 1981 through May 1982. Based upon the sales and cost estimates, Consolidated proposes that the conservation surcharge for the program be set at \$.00043 per Ccf (\$.00042 per therm), to be included in the billed commodity charge for gas consumption until subsequently revised by the Commission. Consolidated estimates that the proposed revision would decrease the annual bill of a residential heating customer using 175 Mcf per year by approximately \$0.84.

Consolidated proposes that subsequent hearings to be held for reconciliation of surcharge recoveries and to establish future surcharges be coordinated with the surcharge reconciliation process to be implemented for Consolidated's Michigan Residential Conservation Service (MRCS) Program. Consolidated contends that said process will reduce administrative burden and expense. Specifically, Consolidated requests that the following procedure be adopted:

- On or about July 1, 1982, Consolidated would file a report of the actual costs and revenues recorded in connection with the program through May 31, 1982.
- Concurrently, Consolidated would submit estimates of program costs, revenues and sales for the subsequent June 1, 1982 to May 31, 1983 period.

- After notice and hearing limited in scope to establishment of cost and sales levels, a new program surcharge would be established.
- The surcharge established pursuant to the hearings would become effective October 1, 1982 and be in effect for the next 12-month period.
- Surcharge reconciliation during the remaining term of the program would be consistent with the foregoing procedures.

Consolidated has filed written testimony and exhibits, including the proposed final contract between Consolidated and Conservation Company, in support of the request to revise the surcharge to recover costs attributable to the program.

Jurisdiction is pursuant to 1978 PA 211, MCLA 460.6c; 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq.

NOTICE IS HEREBY GIVEN that:

A. Public hearings for the purpose of commencing cross-examination of Consolidated's witnesses will begin at 9:30 a.m. on September 14, 1981 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, and will continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, on or before September 8, 1981 an original and 12 copies of a petition to intervene, together with proof of service upon Consolidated.

Subparagraph (2) of said Rule 11 provides as follows: "(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

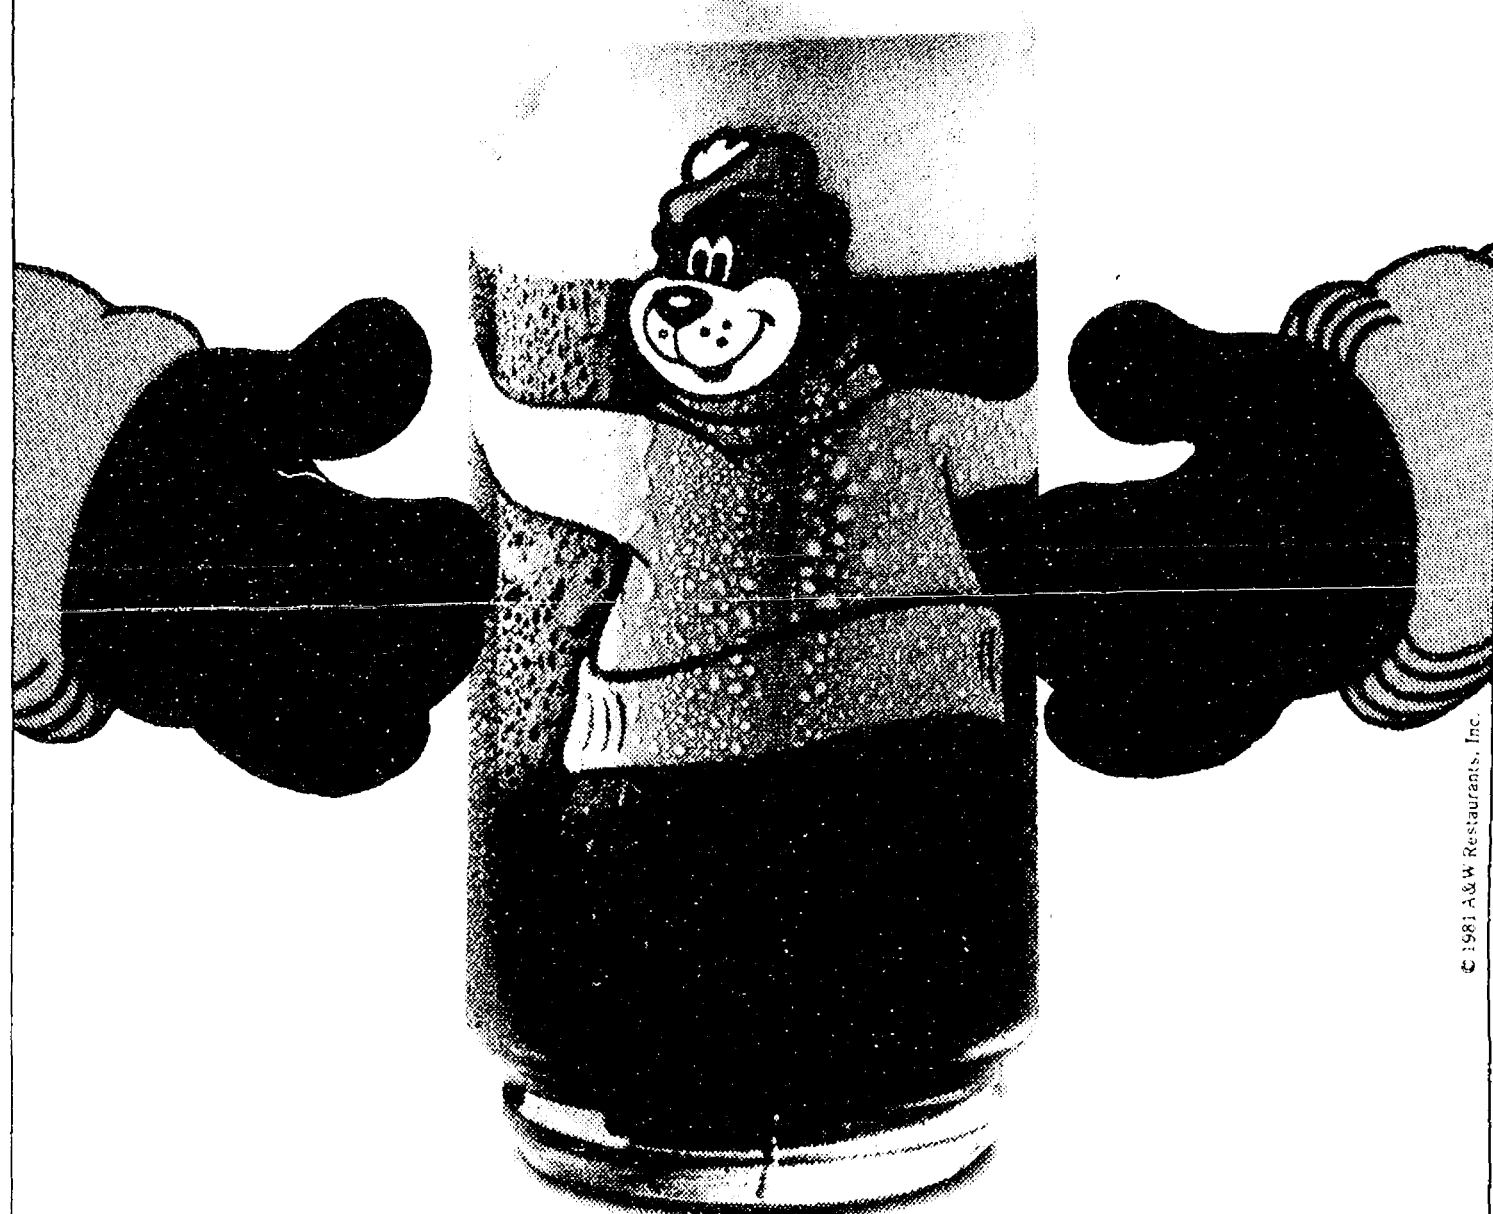

The Commission will require strict compliance with the above quoted rule.

C. "THE SURCHARGE CHANGES DESCRIBED IN THE NOTICE HAVE BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED CHANGE, IN WHOLE OR IN PART, AND MAY GRANT A LESSER OR GREATER CHANGE THAN THAT REQUESTED."

D. All discovery requests of Consolidated must be made before September 14, 1981.

Dear Whitey,
As a parent of 3 children, one of whom is in grade school, and as a newcomer to the community, I have watched with interest the school millage election in June and the upcoming millage proposals to be voted upon later this month. Now I wish to make my feelings known.

When we first investigated the possibility of moving to Grayling from central Indiana, we were, of course, concerned about the quality of the school system. Everyone whom we talked to assured us that the schools were excellent. We have found out since moving here that the schools here are indeed excellent in reference to the quality of the personnel. However, that quality will indeed deteriorate, if the personnel feel that there is no community support. Without community support, we will lose dedicated personnel due to job apathy and transfers out of the system, not to mention loss of personnel through lack of money in the system.

A GOOD school system benefits the entire community. It encourages new industry thus creating a broader tax base, not to mention creating jobs from that industry. A GOOD school system makes young people want to settle here with jobs created by the retirement of others. The money those people spend creates other jobs for those already within the community, thus reducing our drastically high unemployment rate.

I care about Grayling. I intend to vote for all 3 proposals!

Since I spend a good deal of my time out-of-doors, it is nice to know how to prepare for the day's weather. Yes, I know it will be weather, whether or not, but I can have fun trying to determine for myself what to expect from Mother Nature on any given day, just as our ancestors did who became quite adept at forecasting the weather for their locality, thus saving crops or lives. My boss and I frequently compare notes; he has his arthritis and I keep track of several natural signs. He's right more often than not, and nature's indicators seem to work for my use just as often. It is interesting to note just how often the following sayings or rhymes hit the nail on the head.

On the way out to the truck in the morning, I detour through the grass where a look at my shoes tells me if I will need my rain jacket or not. This old saying comes to mind on those occasions:

"When the dew is on the grass,
Rain will never come to pass.
When grass is dry at morning light,
Look for rain before night."

If I am on a foot trail, I look for a patch of lichen or moss. If the lichen crunches underfoot, it will remain dry. But, if the lichen is soft, I know it is going to rain before long as the lichen absorbs moisture from the air long before the clouds show up. This old rhyme puts it nicely: "Moss dry, sunny sky; Moss wet, rain you'll get."

Smoke from campfires in the campground is a good indicator of a change in the

weather. If the smoke stays close to the ground, the good weather soon ends.

When Easter comes, I even get a good idea of what to expect on weekends for nearly two months, because Grandpa's little saying is usually right. "Whatever the weather on Easter Sunday, so shall it be for seven Sundays thereafter, with the exception of one."

Using these old sayings may prove the weatherman wrong and maybe you will have as much fun as I do trying to walk in Grandpa's ways.

Completes Mechanic Course

Army Pvt. Carl S. MacLeod, son of Mr. and Mrs. Ronald B. MacLeod of Fredric, has completed a tracked-vehicle mechanic course at the U.S. Army Armor School, Fort Knox, Ky.

During the course, students were trained to repair engines, transmissions, and the fuel, electrical and air hydraulic systems of the Army's tracked-vehicles. They also learned to perform recovery operations for abandoned, damaged, disabled or mired vehicles.

MacLeod is a 1980 graduate of Grayling High School, Mich.

Commission Order

Bobcat Harvest Regulations

The Natural Resources Commission at its meeting on June 12, 1981, under the authority of Secs. 1, 2, and 3 of Act 230, P.A. 1925, as amended, Secs. 38 and 39a, Chapter IV, and Sec. 1, Chapter V, Act 286, P.A. 1929, as amended, established rules for the taking of bobcats, during winter and spring.

- Seasons
 - Zone 1 - Hunting and trapping, October 25 of one year through March 31 of the following year.
 - Zone 2 - Hunting only, January 1 through February.
 - Zone 3 - Closed to hunting and trapping.

- Shooting Hours
 - 7:00 a.m. to 6:00 p.m. EST

- Areas
 - Zone 1 - The Upper Peninsula, except Bois Blanc Island, which will be included under Zone 2 regulations; and Drummond Island, which will be open to hunting only.

- Zone 2 - Cheboygan, Presque Isle, Oscoda, Otsego, Montmorency, Emmett, Alcona, and Alpena counties; also Bois Blanc Island.

- Registration
 - Any person killing a bobcat shall present the whole animal at a Department of Natural Resources district office or other designated field office within 72 hours of the kill. There, a confirming seal shall be attached and information obtained from the licensee as to date, place, and manner of kill and other pertinent information deemed appropriate. Registration shall be in the peninsula of the kill. No taxidermist or fur buyer shall accept, possess, or process in any fashion, a bobcat or bobcat pelt without the confirming seal attached. Sealing of pelts will qualify the fur for foreign export under regulations enforced by the Endangered Species Scientific Authority. Registration hours will be during regular working hours or where offices are open for some other purpose after hours. Conservation officers also will register 'cats in Zone 1. No charge will be made for sealing.

The Crucial Alternatives

Power Diplomacy or The Council Table

For Centuries nations have depended on power diplomacy in their international relations. That strategy is drawing to an end. Likewise the strong and the powerful have taken the prey; that also is no longer a viable strategy. We are at the edge of a new day in human relations and we must adjust our relationships to that reality.

In our world today there is a growing spirit of independence before the big stick or willingly yields to exploitive practices.

If we cast our eyes back over the last five hundred years we can see that new days call for new policies and new strategies. The days following the Renaissance make that very clear. As we move into a new Era we must create new structures and policies to meet the needs of a new and fast approaching new Era.

When human relations are in flux there are always unrest and uncertainty. People cling to the old familiar ways. There is reluctance to try new policies. At the present time our own Country is expressing that reality.

The sooner we realize we are living in an interdependent world we shall be able to get on with the task of creating viable policies for the changing times.

Like Colonialism, power diplomacy with each nation going its own way is a threat to human well being. It is encouraging to note that more and more we are counseling together concerning our common problems. We must keep the lines of communication open not alone with our allies but also with those whom we feel to be our adversaries. Power diplomacy often closes that door when incidents occur that threaten one or the other. The danger increases with verbal sparring in the media of each nation. Bravado and slurring language by those in authority widens the gulf in constructive communication. Each nation sees the incident in the light of their own interest, their own ide-

logy and culture. In a world of nuclear bombs power diplomacy is a threat to all of us.

Not only must we keep the door of communication open; but we must be willing to share and cooperate for the common good because our interests and our common welfare are bound in the same bundle with our adversaries.

We must seek to understand people who live in different cultures. We must always remember that people in other countries are very much like ourselves with the same hopes and aspiration we entertain, who want to be left alone to pursue their own courses and achieve their own fulfillment in their individual lives. International conflict is not usually caused by the people; but by those in places of power and influence. It is time to hear the voice of the people.

Senior Citizen Homemaker Service

Many people ask me what a Homemaker Coordinators function is. This job and title is explained as: one who visits and interviews senior citizens to see if they need, and qualify for work in their homes that they can no longer do because of age, disability, or illness. One of our jobs is to qualify them and arrange for a homemaker to help them. To qualify you must be 60 years of age or older and handicapped. Handicapped is defined as the inability to perform daily tasks, whether it be from arthritis, heart problems, just returning from the hospital but still recuperating or any illness that is disabling.

Homemaker Service consists of dusting, vacuuming, meal preparation, washing dishes, light laundry, changing bedding, cleaning kitchen, bathroom, bedroom and living room. We also have limited transportation service for the handicapped Senior Citizen who needs groceries, prescriptions filled and transportation to doctors appointments. This service is to be kept at a minimum, since our funds are limited. Therefore if you are able to use Dial-A-Ride please do so as it is much less expensive.

If you need the Homemaker Service or know of anyone that does please call the Senior Citizen Center at (348-9314), or drop in and see us at 308 Lawndale.

AARP to Meet

The Crawford County Chapter No. 1681 of the American Association of Retired Persons, Inc., will hold the August meeting on Monday the 24th, at the Senior Citizen Center at 2 p.m.

CAMP GRAYLING CEMETERY MAINTAINED—It's a quiet spot, a place called Johnson Hill. Accessible only by four wheel drive vehicles or on foot. Named after a fallen hero from another era, The first casualty of the 125th Infantry Regiment Thirty Second, Red Arrow, Division World War One. Here overlooking the hills and Lake Margrethe you will find the post cemetery. Its two occupants, also members of the 125th Infantry died while on duty at Camp Grayling. The post maintains the cemetery mowing and policing, however the daily vandalism is taking its toll. As a summer project to help the post, members of Army Readiness and Mobilization Region VI Forward adopted the cemetery, lending a hand to help the post in caring for the place where our fallen buddies lie in rest. News of Good Things Growing

By: Margaret G. McCall

Looking for something different to do on a lazy summer day? Visit Michigan's wine country, where good things are growing in some terrific scenery. Autumn is the harvest season, but last year's crop has been processed and is awaiting you in distinctive bottles and varying flavors.

Vineyards marching across the rolling hillsides of south-western Michigan tell you this is wine country, and the foliage is thick and verdant green.

According to the Michigan Department of Agriculture, our state has about 15,000 acres of commercial vineyards, with acreage increasing each year. In 1980, those vineyards produced almost 100 million pounds of grapes, worth about \$12.5 million. Most of the crop goes into jams, jellies and juice. But about six percent is processed by Michigan's wineries.

Our state ranks fifth in wine production in the nation, and our wineries earned nearly 150 state and national awards in the last three years for the quality of their products.

Tours, offered by all the wineries, are immensely popular with visitors. During the summer months, you'll see busloads of tourists every day. Michigan vintners are proud of their art, and delight in explaining this ancient craft to their guests. Visiting the wineries, you'll learn how grapes are pressed, how fermentation is controlled, what determines the dryness of a wine, and other interesting information.

At some of the wineries, you can purchase snacks or luncheon, and at each you're welcomed royally. Some also offer recipes for cooking with wine, and in each case you'll have an opportunity to taste some of the different varieties. There are eight wineries in southwestern Michigan, others in the north-western Traverse Bay region.

St. Julian's, Warner's, Frontenac and Vendramino are located at Paw Paw; Bronte's at Keeler; Tabor Hill at Buchanan; Lakeside at Harbert; and Fern Valley at Fennville.

In the Traverse region are Boskydel on the Leelanau peninsula, Chateau Grand Traverse on Old Mission peninsula, and Leelanau, south of Traverse City.

One note which indicates how Michigan's wine country is spreading: St. Julian has just opened a new winery in Frankenmuth, heretofore considered navy bean and sugar territory.

In wine country, you'll see manicured orchards alternating with vineyards, and those orchards portend the late summer harvest of peaches, pears, apples and other fruits in season.

Wines and fruits are natural partners, and here's a simple do-ahead recipe combining Michigan wine and pears.

Peel six fresh Michigan pears, leaving stems intact. Combine 1 cup sugar, 2 cups Michigan port or sherry wine in saucepan large enough to accommodate the pears. Bring to boil, simmer a few minutes, then add pears and three slices of lemon. Reduce heat and poach gently until the fruit is just tender, about 1 hour. Cool in sauce. Serve well chilled, with each pear placed on top of a crisp macaroon and garnished with cream which has been whipped to the consistency of a soft custard.

Summer Program At The Library

Over 300 people enjoyed the three fun days at the Crawford County Library. Stanley Susan's magic show on July 22 was well received. Mr. Stanley is from the Traverse City area and has been entertaining children with his magical talents for sometime. "The Three Robbers", "Caps for Sale", "Harold and the Purple Crayon" and "The Happy Owls" were the films shown on A Day at the Movies July 29th.

The movies come on an interlibrary loan basis as a service to us from the Mid Michigan Library League in Cadillac.

The last fun day featured Joe Paupove with his Big Joe-Little Joe ventriloquist routine. Joe is a Traverse City high school student and has been perfecting his art during the past few years. He also gave a brief informative history on clowning. The children were treated to a goodie bag compliments of McDonald's of Grayling and a paperback book as a gift from the library.

Taste Treat

Instead of garlic on your French bread, try a mixture of butter, brown sugar and grated orange or lemon rind.

City Council Proceedings

Regular meeting of the City Council held August 10, 1981.

The meeting was called to order by Mayor Thompson at 7:30 p.m.

Members Present: Failing, Latuszek, Thompson.

Members Absent: *Sabin, *Golnick.

Also in Attendance: Jerry W. Morford, City Manager; Kay Ellen Junttila, Secretary; Elmer L. Fenton, Don Geiss, Matt Bidvia, Peter Stephan, Gloria Stephan, Lori Priestap, Don Sorenson.

Motion by Failing, supported by Latuszek that the minutes of the meeting of July 27, 1981 be approved as presented. Ayes: 3, Nays: 0, Absent: 2, motion carried.

Citizens who wish to speak.

*Sabin & Golnick were now present.

Mr. Elmer Fenton spoke regarding the Carnival and problems caused. He noted that the Historical Society was very upset and closed the museum for the week. He indicated that when the carnival comes next year he hopes that they will find a spot before they get here and that they will not be located in the Historical Society area. He will also attend the Chamber of Commerce meeting with the same concerns.

Communications were received and noted.

From City Treasurer re: Monthly Financial Statement.

From Grayling Beautification Committee re: Minutes of two meetings.

From G.R.C. of C. re: Newsletter

From Crawford AuSable Schools re: Crossing Guard.

From P.W. Stephan, Police Chief re: Milltown Festival costs to City.

From M.M.L. Legislative Bulletins re: Liability Insurance pool and Transportation Package.

Motion by Golnick, supported by Failing that the following Resolution be adopted.

WHEREAS, Municipalities throughout the State of Michigan experience increasing difficulties in obtaining and maintaining adequate liability insurance coverage at reasonable premiums; and

WHEREAS, Governmental units are no longer protected by the doctrine of sovereign immunity from tort litigation, resulting in liability coverage which has, with greater frequency, caused municipalities to become targets for lawsuits; and

WHEREAS, there are a growing number of communities who have been unable to secure bids for renewal of policies or have had policies arbitrarily cancelled, despite solid claims and low loss records and, thus, being forced into accepting whatever coverage was offered, regardless of premium cost, or having to face the potential of calamity inherent in being uninsured; and

WHEREAS, the insurance carriers have indiscriminately categorized government as high risk class, primarily due to their lack of information and data on loss prevention and exposure identification, which if available would more accurately assess risk and equitably correlate to premiums. The lack of statistics, in view of the new legal climate, has made municipal insurance market appear hazardous leaving no avenue of defense for municipalities. Private sector agents can now freely dictate lesser line coverages, impose exclusions of vital coverages, and demand premiums that have become increasingly difficult to bear; and

WHEREAS, there seems to be no apparent relief from the uncertainty in the private market, and, because many of the cities, villages and townships affected are unable to provide the funds necessary to be individually self-insured.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Grayling wishes to go on record in strong support of the Michigan Municipal League's efforts to establish a mutual liability insurance fund to relieve the impact of the insurance crisis on municipalities; and

BE IT FURTHER RESOLVED, THAT THE City Council of the City of Grayling desires to urge the Michigan Municipal League to take action on this matter on behalf of all municipalities; and hereby directs the City Clerk to forward a copy of this resolution to the Michigan Municipal League.

Ayes: 6, Nays: 0, Absent: 2, motion carried.

From City Manager re: Revised week-end call schedule.

Old Business.

The City Manager briefed Council on the 1981 street construction progress to date and presented engineering invoices totaling \$5,205.93 from R.S. Scott Assoc. for consulting services thru 7-25-81. He recommended approval.

Motion for Thompson, supported by Latuszek that invoice No. 24382 in the amount of \$3,305.93 from R.S. Scott Assoc. be approved for payment. Ayes: 4, Nays: 0, Abstain: 1 (Sabin), motion carried.

Motion by Thompson, supported by Golnick that invoice No. 24381 in the amount of \$1,900.00 from R.S. Scott Assoc. be approved for payment. Ayes: 4, Nays: 0, Abstain: 1 (Sabin), motion carried.

Notice of the Annual M.M.L. Conference September 9-11 was presented by Mr. Morford.

The City Manager reported on progress of the A & R Forest Products project. 25% of the land has now been cleared.

Status and future possibilities of Hanson Hills was discussed by Council. They had an election of officers. Council discussed contributing to upkeep of Hanson Hills. City Manager will check on City making contribution to Hanson Hills and report at a later meeting.

New Business.

Possible extension of a water main in the Industrial Park area was discussed.

Motion by Sabin, supported by Golnick that Richards & Associates be authorized to make plans and specs for water line and to advertise for bids for opening about 1 month from now. Ayes: 5, Nays: 0, motion carried.

A request for city participation in a sidewalk replacement by the Grayling State Bank has been received. The approximate cost is \$3,000.00 for sidewalk replacement on three sides of the bank. They have 2 bids for the job.

Motion by Golnick, supported by Thompson to have the sidewalk replaced and that the City pay 40% of cost under the 60/40 sidewalk program. Ayes: 4, Nays: 0, Abstain: 1 (Latuszek), motion carried.

Reports of Councilmen.

Dorothy Latuszek suggested that city volunteers should get a letter of recognition from the city and appropriate write-ups in the different papers. Chief Stephan will pursue this.

Horace Failing asked about the recent installation of a 4 way stop at Lake & Maple.

Mayor Thompson asked about a Compensation Commission meeting, when they can meet. City Manager to furnish copy of Act at next meeting.

Reports of City Manager. Mr. Morford reported on the following:

Citizens meeting Friday night, July 31, 1981 concerning Lake Street. In regards to the speeding on Lake Street, military vehicles, trucks, not stopping for stop signs. Have placed a 4-way stop sign at Lake & Maple, will increase patrol on Lake Street and will add more stop signs as needed.

Area 4-H's Can Enter State Trail Ride

EAST LANSING—4-H members wanting to test their horsemanship skills against the great outdoors may want to enter the annual State 4-H Competitive Trail Ride, scheduled for Sept. 18-20 near Higgins Lake in Roscommon County.

The ride will be held in conjunction with the ninth annual Open Competitive Trail ride sponsored by the Arabian Horse Association of Michigan.

Competitors will check in for the ride Sept. 18. Beginning at 8 a.m. Sept. 19, riders will compete over a 40-mile trail on South Higgins Lake Road. Awards will be presented at 2 p.m. Sept. 20.

"The ride is a unique opportunity for 4-H's to compete outside of the show ring," says Dick Dunn, state 4-H horse specialist. "It gives them confidence and builds trust between horse and rider."

The horses will be examined by a veterinarian every 12 miles and after they have completed the trail. A trophy and ribbons to sixth place will be awarded, based on the horses's condition throughout the ride and the rider's horsemanship.

"Trail riding helps riders understand the importance of conditioning their horses," Dunn says. "This isn't an event for a horse that hasn't been conditioned for it."

Horses may be any breed or sex but must be at least 60 months old at the time of the event. A negative Coggins test within 180 days of the ride is required.

Any 4-H member may enter. Entries must have the name of the member's club and the signature of the club leader. The entry fee is \$20.

For more information about the event and applications, contact the ride secretary: Gail Werner, 8869 Patterson, S.E., Caledonia, Mich. 49316; or call (616) 891-1681. Entries are due Sept. 10.

Receives Promotion

William C. Hoobler, son of Lyle W. Hoobler of Grayling, has been promoted in the U.S. Army to the rank of staff sergeant.

Hoobler is a wheeled vehicle mechanic at Frankfurt, West Germany, with the 130th Engineer Brigade.

He is a 1970 graduate of Rainier Beach Junior-Senior High School, Seattle.

Paulsen Closes With "Drapes" at CC Playhouse

Back in Traverse City is Pat Paulsen who will be appearing in a hilarious new comedy entitled "Who Gets The Drapes?" at his own Cherry County Playhouse, August 18 through 30. Paulsen bought the Playhouse in 1975 and has returned every summer since to delight audiences with his deadpan humor.

Paulsen first stepped into the limelight with his "news-casts" on "The Smothers Brothers Show" and later on "The Pat Paulsen Comedy Hour." It was during the Smothers Show that he was urged to run for President and Paulsen became a write-in candidate in the 1968 and 1972 Presidential elections. Although friends and advisors have urged him to run again, Paulsen refuses to comment on his political future.

Paulsen is currently the proud proprietor of the Pat Paulsen Vineyards in Cloverdale, California. His new wine, recently bottled, will be released this fall and sold at better wine shops and restaurants throughout the country.

In "Drapes" Paulsen will portray a man who will go to any length to save his floundering marriage. Paulsen will be appearing at the Cherry County Playhouse August 18 through 30 with performances Tuesday through Friday at 8:30 p.m., Saturday at 6 and 9:45 p.m., Sunday at 7:30 p.m., and a Thursday matinee at 2 p.m.

Church-Hendrickson Speak Vows

Ann Marie Church and Tom Allen Hendrickson were united in marriage in a double ring ceremony on June 27, 1981 at Michelson Memorial United Methodist Church. Before approximately 100 guests Reverend George Spencer officiated at the two o'clock ceremony. The bride was given in marriage by her parents, Ernestine L. Church and Jack A. Church.

Organ music was provided by Janet Dice with Pat Fowler as the soloist. Musical selections were "If We Only Have Love" Jacques Brel, and "The Lord's Prayer", arranged by Alfred Hoy Malotte.

The bride wore a Ivory crepe floor length gown with long bell sleeves, with Brussels lace trim. The gown was designed by Belinda Bellville, and handmade by the bride's friend, Peggy Dreas-Hunter. Accessories were a length of ivory hued pearls with matching earrings. She carried a simple nosegay of pink roses which gave the impression of being hand picked. The altar was decorated with daisies, carnations and baby's breath in rainbow hues.

Carleen K. Dane, sister of the bride was Matron of Honor. Karen L. Cook, cousin of the bride, Holly M. Bell Hendrickson and Anne A. Bell Hendrickson, daughters of the groom were bridesmaids. They were attired in floor length polyester satin gowns with gathered waist, neck and sleeves with cumberbunds, each dress was a different rainbow hue of pastel yellow, green, rose and lavender. They carried daisies, carnations and baby's breath in colors to match their dresses.

Andrew E. Hendrickson, son of the groom was best man with Robert V. Eagly, the groom's brother-in-law, Andres Barreto and Steven J. Church, brother of the bride as groomsmen. Usherette and usher were Geraldine J. Lowrie, cousin of the bride and Gary D. Church, brother of the bride. A reception followed at Chief Shoppenagons Motor Lodge.

The bride's mother wore a floor length beige polyester Crepe De Chine gown with matching overlay trimmed with lace with bone accessories.

The couple spent their honeymoon in Canada and Vancouver, B.C. stopping in Seattle, Washington, where they had dinner with Dave and Kay (Jansen) Hoag before continuing to San Francisco where they flew to Ridgewood, New Jersey, where they will be making their home.

The bride attended Adrian College and New York University's School of Continuing Education. She is currently Vice President of Publishing for Advanced Management Reports of New York City. The Groom attended Harvard College and Georgetown University, he also served 5 years as an

officer in the U.S. Navy. He is currently Vice President of Burns and Roe, Inc. an international consulting engineering firm.

Out of town guests were from Coopersville, Lansing, Washington D.C., W. Lafayette, Indiana; Los Angeles, Port Huron, Falls Church, Va.; Lapeer, San Diego, Ca.; Livonia, Oscoda, Chicago, Traverse City, Matawan, Kalkaska and Boston, Maine. (Carroll Wert Photo)

Your Help Is Needed

Many volunteers have been working hard all summer planning the Girl Scout program for 1981-82. We are in need of adult leaders for all age groups. Do you have a few hours a week you could donate to some young ladies?

Training is available and we have lots of fun. If you are interested in being a leader or helping a trio call 348-4031.

Registration for girls will be announced at a later date, so watch the Avalanche for details.

Dear Crawford County Taxpayers,

We are experiencing a special type of chaos at our home and to a degree you are responsible! Our son, Gary, is in the process of sorting through eighteen years of accumulated treasures (?), deciding what he should keep, throw away, add to the family fall rummage sale and what he will need to take North as he begins his freshman year at Michigan Technological Univ. Your part in this event began thirteen years ago when we enrolled Gary in Kindergarten at Grayling Elementary School and through your tax dollars support provided him with a "full service" education. The combined elements of Gary's natural thirst for knowledge and our community school's staff of administrators and teachers capable and willing to teach him have resulted in Gary's academic preparedness for college...and consequently our current state of turmoil!!

We are property owners (buyers!) and can certainly understand the concern regarding today's high taxes...but we realize the benefits our high school graduates have when it is time to enroll in college. We also feel a tremendous debt to future generations to ensure they have the same quality education that Gary has received.

We cannot express our gratitude adequately to the Crawford AuSable School Board, administrators, teaching staff and each and every taxpayer, past and present.

Sincerely,
Gary & Irene Pettyjohn

DEATH and TAXES....

Benjamin Franklin was right when he said the only sure things are death and taxes. Voters in the Crawford AuSable School District are faced with the grim reality of taxes and inflation every day.

On August 31, local voters will be asked to approve 3 separate millage proposals. Why 3 separate issues? To help voters more clearly identify where the money goes. Hopefully, each voter will thus be better informed.

**Each Proposal Stands on its Own.
Each One Represents Basic,
Programs.**

No new programs or services are being proposed. With passage of ALL 3, the Crawford-AuSable schools will be able to continue a sound, basic approach to education within the usual austere framework of the local economy.

**No Frills. No Fat. Just what is needed to
Prepare our children for the Future.**

Attend the Church of Your Choice

Folks used to wonder what Grandpa Brown and I had in common. He must have been close to eighty when I was just a kid. But I remember him as one of the best friends I ever had.

He was a wonderful old man, with a simple, native wisdom. We used to go fishing together and he would talk to me about God and Faith and Love. I remember he said people shouldn't wait until they're in trouble before going to Church. "When you're happy," he told me, "take time out to offer a prayer of thanks."

The Church had acted as a balance for him during good times and a bulwark during bad times.

Down through the centuries the Church has made great Christians out of unassuming people. They in turn have transmitted the blessings of the Church to oncoming generations. I hope I can bring Grandpa Brown's faith and wisdom to others, as I was impressed by him.
